## Math 2300-007: Quiz 11

Name: $\qquad$ Score: $\qquad$
Collaborators:

Directions: This take-home quiz will be due at the beginning of class on Friday, April 13. You may use your notes, textbook, and colleagues from our class as resources, but your final write-up should be in your own words. If you work with collaborators from our class, please include their names on this quiz.

1. (2 points) What is your plan for studying for Exam III?
2. (4 points each) Write down two challenging questions that could appear on Exam III and that you currently feel underprepared to answer. Write a solution to each of these questions. Attach more paper if necessary.
