

MATH 2300: Calculus II, Fall 2009
Syllabus for section 003

MTWRF: 11-11:50am, ECCR 1B55

Contact Information:

Instructor:	Justin Keller
Email:	justin.keller@colorado.edu
Office:	Math 328
Office Hours:	Tu 10-11am, Fri 10-11am
Course Webpage:	http://math.colorado.edu/~jkeller/math2300fall09/
Recitation TA:	John Hower
Email:	john.hower@colorado.edu
Office:	Math 208

Course Information and Policies:

Text Anton, Bivens, & Davis: *Calculus: Early Transcendentals*, 8th ed. (Wiley). This text has been repackaged (at somewhat reduced cost) specifically for this course as *Single Variable Calculus: Math 1300/2300* (Wiley) and is available at the CU bookstore.

Attendance Regular attendance is expected and is vital to success in this course. In particular, attendance in recitations on Thursdays is required.

Homework Homework will be assigned every Monday, Wednesday, and Friday and will be collected two class periods later, when the next set of problems is assigned. A complete list of the assignments and their due-dates can be found here:

<http://euclid.colorado.edu/~sek/2300h.html>

Absolutely NO late homework will accepted for any reason. We understand that occasionally circumstances beyond your control may prevent you from doing the homework. Instead of accepting late homework, we will drop your four lowest homework scores. In addition to these four drops, if you have a documented legitimate reason for not being able to complete an assignment, your next assignment will be counted twice. Homework will be graded on completeness, correctness, and legibility. Note that the assigned readings should be completed BEFORE the material is discussed in class. Homework contributes 25% to your final grade.

Exams and Quizzes There will be 3 midterm exams and a final exam:

Midterm 1: Wednesday 9/16 5:45-7:15pm, covers assignments 1-8

Midterm 2: Wednesday 10/14 5:45-7:15pm, covers assignments 9-18

Midterm 3: Wednesday 11/11 5:45-7:15pm, covers assignments 19-27

Final Exam: Tuesday 12/15 7:30 -10:00am, covers ALL 34 ASSIGNMENTS

All locations to be determined. Each midterm contributes 15% to your final grade and the final exam contributes 30%.

About Calculators Calculators will not be allowed on any of the exams.

The Undergraduate Mathematics Resource Center This center is staffed by graduate students from the Department of Mathematics. You will be expected to go to the Center to get help with any course concepts or homework problems that are not addressed in your regularly-scheduled class. The Center is in MATH 175 and is open Mon-Thurs 8am-6pm and Fri 8am-2pm.

Evaluation Your final grade will be determined as follows:

Homework Grade: 25%

Exams: 75% (Midterm Exams 15% each and Final Exam 30%)

Additional Information

Students with Disabilities: If you qualify for accommodations because of a disability, please submit to me a letter from Disability Services in a timely manner so that your needs may be addressed. Disability Services determines accommodations based on documented disabilities. Contact: 303-492-8671, Willard 322, or

<http://www.Colorado.EDU/disabilityservices>.

Disability Services' letters for students with disabilities indicate legally mandated reasonable accommodations. The syllabus statements and answers to Frequently Asked Questions can be found at

<http://www.colorado.edu/disabilityservices>.

Religious Obligations: Campus policy regarding religious observances requires that faculty make every effort to reasonably and fairly deal with all students who, because of religious obligations, have conflicts with scheduled exams, assignments or required attendance. See full details at

http://www.colorado.edu/policies/fac_relig.html.

Classroom Behavior: Students and faculty each have responsibility for maintaining an appropriate learning environment. Students who fail to adhere to such behavioral standards may be subject to discipline. Faculty have the professional responsibility to treat all students with understanding, dignity and respect, to guide classroom discussion and to set reasonable limits on the manner in which they and their students express opinions. For more informations go to

<http://www.colorado.edu/policies/classbehavior.html>.

Honor Code: All students of the University of Colorado at Boulder are responsible for knowing and adhering to the academic integrity policy of this institution. Violations of this policy may include: cheating, plagiarism, aid of academic dishonesty, fabrication, lying, bribery, and threatening behavior. All incidents of academic misconduct shall be reported to the Honor Code Council (303-725-2273). Students who are found to be in violation of the academic integrity policy will be subject to both academic sanctions from the faculty member and non-academic sanctions (including but not limited to university probation, suspension, or expulsion). Other information on the Honor Code can be found at

<http://www.colorado.edu/policies/honor.html>

and

<http://www.colorado.edu/academics/honorcode>.
