

This will account for five out of ten points for your “Quiz 1” grade. The remaining five points will be added when you meet with me in office hours, by appointment, or in the MARC on or before **Friday, September 8**.

Please answer each question with at least two sentences though I would love to see more if you have more to say. None of these questions have “correct answers” and I hope you will write honest responses.

You do not have to print this document to answer the questions but please clearly label each of your responses.

1. What do you think is the purpose of a college education? Why are you here?

2. How do you learn something new?

3. What is the value of making mistakes in the learning process?

---

4. What are your expectations from this course? What do you hope to gain? (If the answer to this is “I want to get an A”, that’s fine, I just want to know why you are in this class.)

5. What do you think are your responsibilities as a student enrolled in this course?

6. What expectations do you have of me? What do you think my responsibilities are as the instructor of this course?
