

Reading for Week 2

Please note: as explained on your syllabus, you are required to hand in, at the beginning of class each Monday, a 3 x 5 index card about what you've read. (You may use both sides of the card, but no more than that, please.) On EVERY CARD YOU HAND IN, you must please answer/address the following (you can discuss other things as well, provided you have the desire and the room):

1. What is the material in this reading generally about?
2. What is the most difficult thing to understand?
3. Ask some specific question about the reading, like: "In Example 2, how did they go from x to y ?" or: "I get Example 3, but then they do this thing in Example 4 that seems like the opposite; what's up with that?" or something of this nature.

Reading assignment. Please read:

- Parts C(i) (again) and C(ii) of the class notes S-POP.
- Sections 1.2–1.5 (pp. 8–18) of the text T-BOP.
