

**Reading for Week 5**

- Please re-read Parts C(i), C(ii), and C(iii) of S-POP.
- Please re-read Sections 1.1–1.8, Chapter 4, and Section 9.2 of T-BOP.
- Please read Chapter 5 of T-BOP. This covers material we've already discussed (for example, the notion of contrapositive), but is a good review of that material, in slightly different words. (You can ignore, for now, the truth table on p. 102. We'll come back to truth tables later.)
